

# INFOLIGHT

iNFOLiGHT is a modern LED backlit sign designed to combine functionality with refined aesthetics. Using precise laser engraving technology, it allows for the creation of virtually any graphic, symbol, or inscription with exceptional clarity and detail.

The integrated LED backlighting enhances visibility, accentuates the engraved elements, and creates a striking visual effect reminiscent of a subtle hologram.

iNFOLiGHT is an ideal solution for applications such as hotel room numbering, wayfinding systems in shopping malls, airport signage, and office information displays - offering a stylish and durable alternative to traditional signage.

Available in a range of colour lighting options to suit different design requirements.

## Variants

- iNFOLight Monokolor
- iNFOLight
- iNFOLight RGB

## Technical data

	iNFOLiGHT monokolor	iNFOLiGHT	iNFOLiGHT RGB
Power	3W	1,2W	3,6W
Input voltage	12V DC // 24V DC	12V DC	12V DC // 24V DC
Colour	mono-colour	red/green/blue	RGB
