# DECORATIVE LUMINAIRE

HEXAGON

Modern LED lighting with a geometric shape allows you to create different light patterns on the ceiling or wall. Hexagon is available in two standard sizes 40 and 80 cm. With the optional color temperature adjustment feature, you can control the ambience of your space. You want a relaxing, peaceful evening, choose a pleasantly warm light. You want to work efficiently, set a neutral color. You want a modern interior, stimulating to action, switch to a cool white. In addition, dimmability helps you adjust the intensity of the so that it fully adapts to the interior.
Technical data

|	HEXAGON 40	HEXAGON 80
Power	12W	20W
Input voltage	12V DC or 24V DC	12V DC or 24V DC
Beam angle	120°	120°
Colour	monocolour or CCT	monocolour or CCT
Colour temperature	3000K, 4000K, 5000K	3000K, 4000K, 5000K
Luminous flux	530 lm	920 lm
Light source	LED	LED
Ambient temperature range	from -20°C to 40°C	from -20°C to 40°C
Dimming	dimmable	dimmable
IP code	IP40	IP40
Colour rendering index (CRI)	80, 90 (depends on the LED strip)	80, 90 (depends on the LED strip)
Energy class	A++	A++
Diffusor	Opal, PMMA	Opal, PMMA
Control	Remote controller	Remote controller
Materials, colours	Aluminium black or silver	Aluminium black or silver
Set up	Steel cord wires for hanging or screwed to flat surfaces	Steel cord wires for hanging or screwed to flat surfaces
