Step nosing LED profiles

Lighting systems for cinemas, theatres, HORECA sector and more

Cinema LED profile system

Our LED and LumiTEC lighting profile systems are ideal for use in low light areas such as cinemas, theatres and other public spaces to guide visitors and provide added safety. Durable and extremely energy efficient, they can intensify the appearance and atmosphere of any space.

NEW

CABLE COVER SYSTEM CROSSLINE

The world's first cable cover system with LED lighting. A robust, metal cover protects the wires from damage, laying them on the surface of the steps without any milling. The optional illumination effect adds the „wow-factor” to the space.

Available with DUO LED UNI and STEPLINE stair profiles.

STAIR PROFILE STREAMLINE DUO

Our newest profile is now streamlined with: the anti-slip insert available in various colours, optional dual linear LED illumination, customized row mark, adjustable end caps and invisible screw holes.

Profile colours:

STAIR PROFILE DUO LED UNI

The UNiVersal aluminum stair profile with dual LED illumination is our best seller. The profile provides a continuous aesthetic strip of light in a single colour or RGB colour spectrum.

Profile colours:

STAIR PROFILE STEPLINE

Our classic universal anti-slip profile that can be enhanced with illuminated markings, such as digits, letters, or other custom symbols. The profile guarantees a quality linear lighting effect and full illumination control.

Profile colours:

STAIR PROFILE COMBO

The COMBO profile has special cracks that enable you to run a carpet under the profile. The anti-slip insert is extremely durable.

Profile colours:

STAIR PROFILE OVERLAPPED

An easy to install universal profile that possesses an anti-slip property and provides an aesthetic strip of light.

Profile colours:

STAIR PROFILE INTERNAL

The INTERNAL stair profile is specially designed for stairs with ceramic tiles and provides a continuous, extremely energy-efficient, aesthetic strip of light.
