Decorative lighting

## Decorative luminaire RING

The aluminium frame of the lamp has undergone a bending process, resulting in a beautiful and smooth form. Light circles can be hung on the ceiling. RING is available in two standard dimensions of 60 and 80cm diameter. LED light can be dim, pleasantly warm or smoothly changed into a neutral or cool white colour that supports focus and work. The lamp can be used as main or decorative lighting.

## Decorative luminaire HEXAGON

Modern LED lighting with a geometric shape allows you to create different light patterns on the ceiling or wall. Hexagon is available in two standard sizes 40 and 80 cm. With the optional color temperature adjustment feature, you can control the ambience of your space. You want a relaxing, peaceful evening, choose a pleasantly warm light. You want to work efficiently, set a neutral color. You want a modern interior, stimulating to action, switch to a cool white. In addition, dimmability helps you adjust the intensity of the so that it fully adapts to the interior.
